THE SNOW QUEEN'S HEIR

Noelle's life turns upside down when the whereabouts of a powerful necklace are revealed to her through letters. But she isn't the only one searching for it, and her quest to find it attracts a lot of unwanted attention, including the rumored morally gray villain-the Snow Queen. Unknowingly to Noelle, she befriends the Snow Queen and they unravel clues about the necklace together. When a handsome stranger, Prince Eli, tricks Noelle into spying on the

Snow Queen-the pair become instant enemies. Eli's trickery lands Noelle a prison sentence in his realm, deepening the wedge between them. Yet despite it all, the two can't seem to fight off the forbidden feelings they develop for one another. When Noelle learns that she is the heir to the snowy throne, she is forced to compete in the Heirling Duel-a deadly duel that exists in lieu of wars. Unfortunately for Noelle, the Heirling Duel won't end until one heir dies, and Eli is her opponent. Noelle must choose between her budding romance, friends, and the obligation of her realm to survive the Heirling Duel, and save her people.
